Ref No. 2021OLN_0130

Dear Parents/Guardians,

Implementation of TraceTogether-only SafeEntry in schools on 1 June 2021

As part of the nationwide contact tracing efforts, TraceTogether-Only SafeEntry (TT-only SE) will be implemented on 1 June 2021 across all premises in Singapore, including schools.

While TT-only SE will be implemented in schools on 1 June, there is **no change** in the use of the TT token/app in schools for your child / ward. Students will **not** be denied entry to schools if they inadvertently forget their TT token/app on occasion. Schools will continue to use their internal system for attendance-taking, and students will not be required to scan their TT token/app to enter schools. Nevertheless, we strongly encourage you to continue reminding your child/ward to have their **TT token or app** with them in schools as this facilitates faster and more accurate contact tracing. It is required for their participation in out-of-school activities where **Safe Entry** check-ins via the TT token/app are necessary.

Students are encouraged to take good care of their tokens, and should personalise their tokens with their name and class **so as not to lose** them. For replacement of faulty or lost tokens, or if you had previously not requested for a token, **please** proceed to your nearest Community Centre for a replacement or new token. **You can also** contact the TraceTogether hotline (6973 6511) should you require further assistance.

We appreciate your support in this nationwide effort to keep Singapore safe.

Thank you and God Bless,
CHIJ OLN
